

Faculty Development Program on Research Methodologies in Project Management

18th-20th October, 2016, NICMAR, Pune

Research Methodology is the vanguard in management education. Bearing this in mind, PMI and NICMAR jointly bring you this special two and a half day program. This program will help strengthen the teaching and research skills in contemporary and emerging areas of project management. On completion of this program, participants will hone their research skills and will be able to carry out their project management research work in a more systematic & independent manner.

WHO CAN ATTEND?

- Those who wish to enroll or already enrolled for Ph.D
- Those are in M.Tech/M.E. Programme and will undertake research based project work
- Those who are teaching project management and would like to guide their students for carrying out research in PM
